PRODUCT DESCRIPTION
The BISSELL® air320 Air Purifier is part of the BISSELL lineup of premium lifestyle air purifiers that join form and function in your home. The BISSELL air320 is designed with clean lines, smooth edges, modern legs, a discreet cord wrap, and a fabric filter that fit into the design of almost any home. Beneath the unique design is a powerful machine you'd expect from BISSELL - a trusted brand in homecare. The BISSELL air320 senses and captures allergens. The washable fabric pre-filter on the front of the machine is part of this air purifier's 3 stage filtration. This filtration system also includes a HEPA filter to capture hair, dust, pollen and pet dander and an activated carbon filter to capture home odors and volatile organic compounds. The BISSELL air320 is controlled by a soft-touch dial that allows users to adjust the fan speed and can accommodate large rooms like bedrooms, living areas, basements, and dining rooms.
You've trusted BISSELL to clean and care for the floors and surfaces in your home. Now, let us clean your air!

KEY FEATURES / SPECIFICATIONS
